ICE CREAM INGREDIENTS

Dream Cones makes the finest quality, hand-crafted ice cream products using only the best, all-natural ingredients brought in from all over the world. They come in a variety of styles: regular, vegan, pro-biotic, sugar free, low sugar/hi protein (“Healthy Choice”).

BASES

Our premium gelato bases deliver smooth texture and balanced sweetness, crafted to enhance flavors and ensure perfect consistency every time.

Page 3-4

PASTE

Crafted from premium ingredients, our pastes infuse gelato with rich, authentic flavors, making every scoop a delicious experience.

Page 5-6

TOPPING

Enhance your gelato with our delicious toppings, from crunchy nuts to exotic fruits, adding texture and flavor to every bite.

Page 7

BASES FOR GELATO

Our Flagship base is “Express Base,” so easy to make! It contains everything! All you have to do is pour bag of the base into 2L of just boiled water. Instant pasteurization is achieved! No Pasteurizer is needed!

EXPRESS BASE POWDER

Express base comes in a variety of premix flavors or you can add any of our many flavor “pastes” to it when the ice cream machine is running. This is the ideal base to get started. Every flavor is made the same way! Employees learn how to make it in a few hours! It is so delicious many customers never switch.

ADD A COW BASE

can be more economical in countries where fresh milk is inexpensive. You can also use whole milk powder or vegetable milk. You just add milk and sugar to it plus cream if desired. It also comes in a variety of pre-packaged flavors or unflavored. You can add your choice of our many flavors to the unflavored base.

Chocolate Base

Craft rich, velvety chocolate gelato with our high-quality base powder – intense cocoa flavor and a smooth, indulgent texture every time.

Yoghurt Base

Create irresistible yoghurt gelato with our premium base powder – smooth, creamy texture and authentic tanginess for the perfect frozen treat.

Dark Chocolate No Added Sugar Base

Indulge guilt-free with our rich, dark chocolate vegan gelato—no added sugar, all the flavor. Pure, creamy satisfaction awaits!

VEGAN BASE FOR GELATO

Our plant-based Vegan gelato is entirely animal-product free. Instead of milk protein, we use a combination of plant proteins, each portion kept small enough to prevent flavoring the product.

VEGAN BASE NO ADDED SUGAR

Our carefully crafted vegan base combines premium plant-based ingredients, ideal for creating smooth, creamy, and delicious dairy-free ice creams. This blend is free from animal products, making it perfect for vegan-friendly treats that meet our high standards of taste and quality.

HIGH PROTIEN NO ADDED SUGAR BASE

high-protein vegan base is designed for those who want more from their plant-based desserts. Packed with quality plant proteins and carefully selected ingredients, this base provides a boost in protein content while maintaining the smooth, creamy texture our customers love. It's perfect for creating indulgent yet nutritious vegan ice creams that align with today's health-conscious preferences.

COFFEE VEGAN BASE NO ADDED SUGAR

Our coffee vegan base is crafted for coffee lovers who crave a rich, bold flavor in a dairy-free dessert. This base captures the essence of premium coffee beans, delivering a robust coffee taste with a creamy, smooth texture. Perfect for both classic coffee ice cream and innovative, plant-based creations, this base is made from high-quality, natural ingredients

PASTE FOR GELATO

Pastes are flavors, thicker than honey, simmered for hours at low temperatures, to preserve flavor. Imported German and Italian flavors and aromas are added to increase intensity and aroma. There are about 80 different paste flavors: fruit, nuts, real vanilla and chocolate.

Our pastes include many of the delicious fruits grown in Thailand, usually selected by us right in the field. Pastes are preserved with citrate and, once opened do not have to be refrigerated. Preserved with citrate, they taste sour, but, when added to ice cream, they taste sweet! The amount of flavor required is always the same for fruits: 80 gr. per liter . Just add while the batch freezer is running. So easy to use! Some customers want special, custom flavors. Chef Apple is a genius at making flavors, usually in just few hours at an economical price.

PASTE FOR GELATO

In gelato making, “paste” typically refers to concentrated flavoring ingredients used to create specific gelato flavors. High-quality pastes are made from natural ingredients and are often crafted from nuts, fruits, chocolates, or other flavor bases.

Japan Melon Paste

Sweet and refreshing, our Japan melon paste captures the essence of juicy, ripe melons for a delicately fragrant gelato experience.

Tamarind Paste

Authentic tamarind paste adds a tangy, exotic flavor to gelato, perfect for creating a unique sweet and sour taste experience.

Young Coconut

Creamy and subtly sweet, young coconut paste adds an authentic tropical taste, perfect for a smooth, refreshing coconut gelato.

Vanilla Madagascar

Made from premium Madagascar vanilla beans, this paste offers a rich, smooth, and aromatic depth for a truly luxurious gelato flavor.

Dragonfruit

Vibrant and exotic, dragon fruit paste brings a unique tropical flavor and striking color, creating a memorable gelato with every scoop.

Mango Paste

Mango: A tropical favorite with a bright, sweet taste. Perfect for a refreshing gelato.
